OBJECTIVE

Computer Engineering graduate with solid project experience in Java, Spring Boot, and MySQL. Built multiple backend systems involving REST APIs, authentication, and database design. Looking for an opportunity as a Backend Developer to contribute to high-quality software development.

EDUCATION

Bachelor of Engineering (B.E.), Savitribai Phule Pune University, Pune
CGPA: 7.38/10

2021 - 2025

TECHNICAL SKILLS

Programming Languages and Technologies

Java, JavaScript, SQL, HTML5, CSS

Frameworks & Libraries

Spring Boot, Spring Security, Hibernate (ORM)

Database

MySQL

Tools & Platforms

IntelliJ IDEA, Postman, Docker, Git, GitHub, MySQL Workbench

Core Concepts

Object-Oriented Programming (OOP), RESTful APIs, Authentication & Authorization, Debugging, Secure Coding Practices, Agile Development Methodology, Version Control, API Testing

PROJECTS

BankZone - Digital Banking Application:

Feb 2025 - May 2025

- Engineered a modular and secure digital banking application using Spring Boot and MySQL.
- Implemented JWT authentication with role-based access and configured CORS for frontend integration.
- Developed core features including user authentication, account handling, and transaction management.
- Utilized Hibernate ORM for seamless database operations and optimized data persistence.
- Performed API and unit testing in Postman to ensure functionality and security.
- Followed Agile practices and clean architecture for scalable, maintainable code.

Hire Connect - Recruitment Management System:

July 2025 - Oct 2025

- Developed a Spring Boot-based backend to connect recruiters and job seekers via RESTful APIs.
- Implemented modules for user registration, job posting, and profile management with MySQL integration.
- Used DTOs, service layers, and custom exception handling for scalable, maintainable code.
- Strengthened application security through validated input, secure authentication, and robust error handling.
- Gained hands-on experience with backend design patterns, authentication, and ORM-based data persistence.

RELEVANT PRACTICAL EXPERIENCE

- Have hands-on experience gained from designing and building personal technical projects from start to finish, focusing on backend systems.

EXTRA-CURRICULAR ACTIVITIES

- 2nd Runner-Up – Technoxian Robo Worldcup (Line Following BOT Competition)

CERTIFICATIONS

Java Full Stack Programming
